

SERVICE TROLLEY

Cleaning equipment trolley

Recycled polypropylene, 4 buckets, integrated laundry bag

DESCRIPTION

A complete housekeeping trolley for the maintenance of institutional premises. Its four buckets allow a colour code to be applied by zone — sanitary facilities, rooms, circulation areas, plant rooms — so the cleaning plan can be followed without any risk of carrying contamination from one zone to another.

The recycled polypropylene structure does not rust and withstands common disinfectants.

TECHNICAL SPECIFICATIONS

Specification	Value
Dimensions (L × W × H)	89 × 67.5 × 106 cm
Number of buckets	4
Material	Recycled polypropylene
Colour	Black

KEY BENEFITS

- Four buckets: colour coding by zone, in line with cleaning plans.
- Recycled polypropylene, unaffected by corrosion and disinfectants.
- All the equipment of a cleaning station gathered on a single trolley.

Manufacturing and distribution — IBSGROUPE Ltd, as a turnkey supplier, handles the distribution, logistics, commissioning and after-sales service of this product. Manufacturing is carried out by the partner manufacturer, whose part numbers and specifications are reproduced above. *Non-contractual document: specifications may be changed by the manufacturer without prior notice; where the text and the illustration differ, the text prevails.*
