

SECURITY SAFE

Mechanical combination safe

5 mm steel door, internal hinges, 90° opening

DESCRIPTION

A safe with a mechanical combination lock — no electronics and no battery: nothing to replace, and the safe stays openable through a prolonged power cut. The door, in 5 mm steel, is hung on internal hinges, invisible and inaccessible from outside once the door is closed.

The format suits administrative documents, departmental keys, controlled-drug registers or daily takings.

TECHNICAL SPECIFICATIONS

Specification	Value
